

Special Talks Organized by the Sanskrit Department, Khangchendzonga State University, Sikkim.

The Department of Sanskrit at Khangchendzonga State University, Sikkim, organized two insightful talks, shedding light on the enduring relevance of Sanskrit in modern knowledge systems.

The first talk, held on 26th November, 2024, was titled "Kridanta Samikshyanam", presented by Dr. Khemlall Sharma, Assistant Professor at Government Sanskrit College, Samdong. He provided an in-depth analysis of Kridanta (verbal derivatives) and their vital role in Sanskrit grammar (Vyakarana). Dr. Sharma highlighted how these elements serve as a bridge between classical Sanskrit studies and modern linguistic structures. The session saw active participation from the department's faculty, students, and the Head of the Department. The event was conducted by Dr. Pradeep Sharma Luitel, Assistant Professor, and the vote of thanks was delivered by Dr. Lila Dhar Bhattarai, Head of the Department.

The second talk, held today, 30th November, 2024, explored "Indian Knowledge System and Kaal Vigyan". The resource person, Shri Pawan Kumar Sharma, Assistant Professor of Astrology at Government Sanskrit College, Samdong, discussed the significance of Kaal Vigyan within the broader framework of Indian Knowledge Systems. He emphasized how ancient Indian insights continue to shape modern understandings of time and the universe. This session, like the first, was conducted by Dr. Pradeep Sharma Luitel, with the vote of thanks delivered by Dr. Lila Dhar Bhattarai, HoD, Department of Sanskrit.
